150Ah / 12V

**Description**

The Standby Bull Block battery is a valve regulated lead acid battery, designed with AGM (Absorbed Glass Mats) technology, high performance plates and electrolyte to gain extra power output for common power backup system applications widely used in the field of UPS and in the Renewable Energy Sector. This battery guarantees many years of trouble free and safe operation. It is thus ideally suitable for the SMART hybrid power supply systems.

**Salient Features**

- excellent performance
- can be operated in any position
- maintenance-free during whole lifetime
- low discharge resistant
- robust housing with user friendly grips
- wide range for ambient operation temperature
- corrosion-free pole terminals and connections

**Technical Data**

Voltage:	12 V
Capacity / 20 hrs:	150 Ah
Technical lifetime:	> 10 years
Dimensions (l x w x h):	482 x 170 x 242 mm <sup>3</sup>
Net weight (ready for operation):	44.2 kg

**Certifications**

Quality Production according to ISO 9001  
CE Declaration of Conformity
